

AuCaDo Rescue Fund

Helping Australian Cattle Dogs in Need

Rescuing dogs is a labor of love, one that can be very expensive for those who already give so much of themselves to this very special cause. Expenses like pull fees, basic vetting (shots, worming, spay and neuter), heartworm treatment, health certificates, boarding and transport costs add up.

With that in mind, we created the AuCaDo Rescue Fund (ARF), a fund established in 2008 to help Australian Cattle Dogs and ACD rescuers all over the world. ARF is funded strictly by the generous members of the virtual ACD community.

Each month, we have a "\$5-Fix-It Fundraiser" and 100% of the donations received goes directly to the dogs in need. We also send out a "See Who You've Helped" newsletter every month, and an accounting of all funds is available on request. ARF is not 501(c)3, so donations are not tax-exempt. They are, however, very good for the heart!

Donations to ARF can be made in two ways:

- To our PayPal account:
paypal@aucado.us
- Checks can be sent to:
Eileen Lankow
E7475 Rawhide Rd.
New London, WI 54961
